

February 1-2, 2016 EnergyU Course Maintenance List

The TNGs and KNTs for the following 67 course titles will undergo maintenance February 1-2, 2016.

IMPORTANT: EnergyU Administrators should educate their users that after course maintenance occurs, **a TNG will not report a new score unless the course is either reset by the certificate program or by the EnergyU administrator.** Users wishing to receive a new score date should verify a status of *Not started* prior to launching the course.

- ASME-0021 Measure Soil Resistivity
- ASME-0091 Troubleshoot In-Service Cathodic Protection Systems
- ASME-0101 Inspect Rectifier and Obtain Readings
- ASME-0121 Collect Sample for Internal Corrosion Monitoring
- ASME-0201 Visual Inspection of Installed Pipe and Components for Mechanical Damage
- ASME-0221 Inspect Test and Maintain Sensing Devices
- ASME-0231 Inspect, Test, and Maintain Programmable Logic Controllers
- ASME-0241 Inspect Test and Maintain Leak Detection Flow Computers
- ASME-0251 Inspection, Testing, Corrective and Preventive Maintenance - Overfill Protection Systems
- ASME-0261 Inspection, Testing, Corrective and Preventive Maintenance - Tank Gauges for Leak Detection
- ASME-0271 Prove Flow Meters for Hazardous Liquid Leak Detection
- ASME-0281 Maintain Flow Meters for Hazardous Liquid Leak Detection
- ASME-0291 Inspect, Test and Maintain Gravimeters/Densitometers for Hazardous Liquid Leak Detection
- ASME-0361 Electric Actuator-Operator Inspection and Testing, Preventive and Corrective Maintenance
- ASME-0371 Hydraulic Actuator-Operator Inspection and Testing, Preventive and Corrective Maintenance
- ASME-0401 Controller Type Pressure Regulating Device - Inspection and Testing, Preventive and Corrective Maintenance
- ASME-0431 Pneumatic-Loaded Pressure Limiting and Relief Device - Inspection & Testing, Preventive & Corrective Maintenance
- ASME-0451 Pump Startup and Shutdown - Manual
- ASME-0491 Rotary Compressor Inspection, Testing and Corrective Maintenance
- ASME-0501 Pump Preventive Maintenance
- ASME-0521 Reciprocating Pump Inspection, Testing and Corrective Maintenance
- ASME-0531 Rotary Pump Inspection, Testing and Corrective Maintenance
- ASME-0541 Screw Pump Inspection, Testing and Corrective Maintenance
- ASME-0551 Explosive Atmospheric Detection and Alarm System Performance Test and Corrective Maintenance
- ASME-0581 Pressure Test - Liquid Medium
- ASME-0601 NDT - Radiographic Testing
- ASME-0611 NDT - Liquid Penetrant Testing
- ASME-0621 NDT- Magnetic Particle Testing

- ASME-0631 NDT - Ultrasonic Testing
- ASME-0651 Routine Visual Inspection Of Breakout Tanks
- ASME-0661 Inspection of Breakout Tanks
- ASME-0691 Joining of Pipe - Non-Bottom Out Compression Couplings
- ASME-0701 Joining of Pipe - Bottom Out Compression Couplings
- ASME-0711 Joining of Pipe - Compression Couplings
- ASME-0741 Joining of Copper Pipe - Brazing or Soldering
- ASME-0831 Cast Iron Caulked Bell and Spigot Joints - Installation and Maintenance of Mechanical Leak Clamps
- ASME-0841 Cast Iron Joints - Sealing Encapsulation
- ASME-0851 Internal Sealing - Cast Iron and Ductile Iron
- ASME-0891 Field Bending of Steel Pipe
- ASME-0931 Installation of Plastic Pipe by Plowing/Planting
- ASME-0971 Installation and Maintenance of Casing Spacers, Vents, and Seals
- ASME-1021 Apply or Repair Internal Coating Other Than by Brushing, Rolling or Spraying
- ASME-1031 Install or Repair Internal Liner
- ASME-1061 Composite Sleeves
- ASME-1111 Tapping Cast and Ductile Iron Pipe and Low Pressure Steel Pipe
- ASME-1121 Bagging and Stopping Low Pressure Pipe
- ASME-1251 Hazardous Liquid Leak Investigation
- ASME-1271 Mobile Gas Leakage Survey - Flame Ionization
- ASME-1281 Mobile Gas Leakage Survey - Optical Methane
- ASME-1321 Damage Prevention During Excavation Activities By or On Behalf of the Operator
- ASME-1351 Vault Inspection and Maintenance
- ASME-1361 Station Emergency Shutdown System - Inspection, Testing and Corrective Maintenance
- ASME-1371 Operate Gas Pipeline - System Control Center Operations
- ASME-1381 Operated Gas Pipeline - Local Facility Remote-Control Operations
- ASME-1391 Operate Liquids Pipeline - System Control Center Operations
- ASME-1401 Operating Liquids Pipeline - Local Facility Remote-Control Operations
- ASME-1411 Indirect Inspection Techniques
- ASME-1421 Direct Inspection Techniques
- ASME-1641 Launching and/or Receiving Internal Devices (Pigs) for Lines In-Service
- ASME-1661 Purge: Hazardous Liquids
- 192-1002 Plastic Pipe - Electrofusion
- 192-1418 Purging Natural Gas Pipelines
- 192-1426 Tapping Steel and Plastic Pipe
- 192-1501 Odorization - Mains and Transmission Lines
- ELEC-01380 Substation Switches (Basics)
- ELEC-02302 Switches Theory and Operations (Basics)
- ELEC-09014 Circuit Switches
