

Important! Changes Coming To EnergyU Supported Platforms

EnergyU utilizes the Infor Learning Management System (LMS). Infor just announce changes coming to the supported desktop operating systems and browsers beginning **January 2015**.

Please be aware that the following changes may affect both users and administrators of EnergyU.

Changes to supported desktop operating systems:

As of **January 2015**, the following operating systems are currently expected to be supported by the Infor LMS platform:

- Microsoft Windows 7
- Microsoft Windows 8.1

IMPORTANT NOTE: As of **January 2015**, Infor LMS versions 8.1 and above will **no longer support** Microsoft Windows XP and Microsoft Windows Vista.

Changes to supported desktop browsers:

As of **January 2015**, the Infor LMS platform is expected to support the following web browsers:

- Microsoft Internet Explorer 10.0
- Microsoft Internet Explorer 11.0
- Mozilla Firefox 31.0
- Google Chrome 37.0

IMPORTANT NOTE: As of **January 2015**, Infor LMS versions 8.1 and above will **no longer support** Microsoft Windows Internet Explorer version 8.0 or version 9.0.

For additional information please contact EnergyU Support.
